Subject: April 24, 2019 Public Records Act Request

Dear Anonymous:

This letter acknowledges your California Public Records Act request dated April 24, 2019, which is attached hereto.

Upon review of the request, Cal OES has preliminarily concluded that the request is burdensome and may result in a voluminous amount of separate and distinct records. That said, Cal OES will proceed to conduct a good faith search and determine whether the request, in whole or in part, seeks copies of disclosable public records. Cal OES will contact MuckRock News by May 6, 2019 regarding the result of the good faith search.

Please contact me at pra@caloes.ca.gov, or (916) 845-8971 if you have any questions related to this matter.

Sincerely,

Joy Peng
Attorney, Office of Legal Affairs

Note that every response (including all responsive records) you send may be automatically and immediately visible to the general public on the MuckRock.com internet service used to issue this request.

I would prefer the request fulfilled electronically, by attachments, if possible.

For all electronic copies, you have an obligation to provide electronic records in the original format you hold them.

Therefore, where emails, text messages, chat logs, or similar are provided, we would like them in a format that provides *all* the parts of the record, namely all headers, metadata, attachments, and inline images.

.eml or .msg message formats are best. However, if you convert messages to PDFs or screenshots of iPhone messages, etc. in order to perform redaction, please ensure you include all headers, metadata, attachments, and inline images when converting; the usual From/To/Subject/Sent headers are not enough. If you withhold parts of e-mail or text records (such as headers) without statutory justification, you may be in violation of the CPRA and we may challenge your response.

Please consider your obligations under City of San Jose v. Superior Court (Smith), S218066 to search personal accounts/devices storing public records -- which we do explicitly request.

Please send only those records available without any fees - since we have asked for electronic copies, we expect all will be available without fees. Nevertheless, for any records for which you would charge fees, instead of copies, please provide us the (free) statutorily-mandated CPRA determination of what records exist, so we may inspect them in person if we so choose to do so, and notify us of the expected costs if we wished to move forward with copies.

Please provide responsive records on a rolling basis as you approve/redact them for disclosure.

Please cite statutory authority for any records withheld in whole or in part.

Thank you in advance for your anticipated cooperation in this matter.

I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

Sincerely,

Anonymous Person
